From the School among the Mountain whites of D. C. I have to make the following report.

The School at Monroe under Miss Holcutts opened in September. There are 60 on the roll. Miss Holcutts has 2 assistants - but far too little room to accomodate the School. She was able while in the North to get additional gifts of School books. The progress in the School

is remarkable. During the
fall. They had a visit
from two musicians or
Evangelists. They came
recommended by the Synod
and held meetings for
10 days. These meetings
were fully attended &
resulted in a good deal
of religious interest in
the School & some
Conversions among the
Scholars. One of the
assistants has been laid
by with hemorage of the
lungs. There is no end to the

zeal and perseverance of
Miss Bolchken in her work.

Mrs. Rice. who has the
School at Locust Level
work- h- Miss Moore Early
in September. but has
received no reply.
we have had no report from Asheville
Mrs Nelson has received
a very pleasant
response from Miss
Campbell at Whitehall.

Mrs Mason who has the
Schools. at Beech. Ridge
and Bat Spring. has
received a letter from

doubles been rectified
the Rhodolat-Pieville seems
to be in a most-flourishing
condition - which will be
best-understood by the
reading of Miss Garbolds
letter. received by Mrs
Mason. this week.

(Kindly read the letter)

Respectfully submitted
